

Base cardstock: Very Vanilla (4.25" x 11")

2nd layer: Bravo Burgundy (4" x 5.25")

3rd layer: Very Vanilla (3.75" x 5")

Stamp Sets: Snow Swirled, Holidays & Wishes

Ink pads: Versamark®, Craft Bravo Burgundy

Embellishment: Burgundy Grosgrain

Accessories:

1 3/8" circle punch, word window punch, embossing buddy, heat gun, gold embossing powder, clear embossing powder, zig painty (retired), dimensionals, mini glue dots

Directions:

1. Score the Very Vanilla CS at 1-1/8", 1-1/4", 1-3/4", and 1-7/8". Flip the CS over so the scores show as mountains (versus valleys).
2. Corner round all four corners of every layer.
3. Emboss sentiment with craft ink and clear embossing ink in the bottom center of the Vanilla CS.
4. Wrap the smaller piece of ribbon in between the 2nd and 3rd scores. Tie the larger piece of ribbon in a bow and attach with a mini glue dot.
5. Emboss the large snowflake in gold embossing powder on Bravo Burgundy CS. Punch out with 1-3/8" circle punch.
6. Punch one word window from Brushed Gold CS. Cut it in half and adhere it to the snowflake circles so it appears like the top of an ornament.
7. Attach ornaments with dimensionals. Draw the 'string' with the gold end of the zig painty.

Snow Swirled
